

## Click™ Portal for IACUC/ACC

Configurable Software to Improve IACUC Processes and Oversight

**Support single and multi-species protocols** and ensure compliant animal studies with Huron's Click™ Portal software. Designed to support a variety of review processes, the system enables secure collaboration and speeds communication among investigators, IACUC administrators, designated and veterinary reviewers, and committee members.

From application preparation to electronic submission, the Click Portal solution helps your organization reduce noncompliance risk and improve overall accuracy. The system also simplifies access to study information by species at any given point in time and can be integrated with your inventory, ordering, HR, and other business systems.

### Only Click™ Portal

- Enables customer configuration to match forms and workflow processes to local needs
- Integrates with the industry's first 100% web-based animal operations solution
- Enables sharing of best practices via the industry's most active user group

Find out how Huron's Click™ Portal software can empower your mission: contact us at **800-590-5400** or **ClickCommerce.com**
